

WARREN

C-450

Medium Duty Dump Body

Warren C-450 dump bodies are designed for general contractors. These bodies are built for dependability and ready for use with scissor, underbody arm, or twin telescopic hydraulic hoists. Low sides offer ease of loading by machine or hand. State-of-the-art welding and use of ASTM A570 A-45 High Tensile steel makes this body ready to accept a wide variety of materials used by general contractors

Shown above with optional "Barn-Door" tailgate and tarp system.

Features & Benefits of Warren C-450 Bodies

- ASTM A1011 A-45 High Tensile Steel
- Body, cylinder, & NTEA rated hoist manufactured by Warren
- Continuous welding throughout body for additional strength
- Available in 10'-16' lengths
- Full depth rear corner post with full depth rear crossmember
